

Guidelines to help on your dog's first day of daycare

Daycare (Evaluation Day)

- Remember to bring a *completed* profile for each dog coming in for their evaluation day. Payment is due at drop-off.
- All dogs must be in by 8:30am for their first day of daycare.
- All dogs must be in control on a collar or harness and leash to & from The Doghouse. Retractable or flexi-type leashes are not recommended.
- If you would like to tour the facility, do so before your dog's first day.
- All dogs get a treat at naptime provided by The Doghouse. If your dog has special dietary requirements, remember to provide treats that will fit their needs.
- The Doghouse has set feeding times for boarding dogs and cannot accommodate feeding daycare dogs outside of those times.
NOTE: *It is best to have your dog eat at home, AT LEAST 1 hour prior to coming in to The Doghouse.*
- Your nervousness, anxiety and hesitation can affect your dog, making it harder for them to be calm. Try to be calm and upbeat when dropping off your dog, especially for the first visit.

**BE SURE THE LOBBY IS CLEAR OF DOGS
WHEN ENTERING THE FRONT DOOR.**
