

THE DOGHOUSE SERVICE AGREEMENT

SHOT REQUIREMENTS

Rabies within 3 years as advised by your veterinarian. Must be current with Adult DHPP. Bordetella must be current within 6 months. You must specifically ask this of your veterinarian. There is a 72-hour waiting period - ANY time the bordetella is administered, before entering our facility. During that time, your dog must be symptom-free. No exceptions. We are also now requiring the canine Influenza vaccination.

You or your veterinarian can fax the information to us at 209/858-5945 or E-mail to thedoghouselathrop@verizon.net

ALL DOGS MUST BE 6 MONTHS OLD, FULLY VACCINATED AND MUST BE SPAYED OR NEUTERED.

WE DO NOT ACCEPT PIT BULLS OR PIT BULL MIXES AT THIS TIME.

BEHAVIOR

We accept socialized, friendly dogs for daycare. It is up to the discretion of The Doghouse as to whether your dog may participate in a group activity. If your dog is misbehaving, he or she shall be removed from the group. The Doghouse is not responsible for any injuries due to normal play while in a group activity.

We **Do Not** accept dogs that are human-aggressive.

FEEDING

While boarding, we strongly encourage you to bring your dog's own food. This is to avoid upset tummies. If you forget, we feed Natural Balance Ultra at no extra charge. We will need to know the measurement you use, however, it is not necessary to bring measuring cups. Please provide enough food for their stay plus 1 extra day only; storage space can be limited at times.

For daycare, we only feed lunch to puppies under 1 year old, or for medical reasons.

The Doghouse will provide healthful cookie-type treats for all dogs at naptime. Owners who would like their dogs to be given their own treats are welcome to bring them. Please, no rawhides or fresh raw bones.

HEALTH

Dogs must be healthy enough for the daycare environment. If your dog has ailments, please let The Doghouse know. We usually can accommodate them. (See Infirm Dogs and Seniors 12 Years and Older Contract).

Medicine is administered at no extra charge if the dog is willing. The Doghouse **does not** give injections.

Dogs must be current on some sort of flea preventative for their protection as per our Boarding and Daycare contracts. We rely on you to keep this up in order to protect all our dogs. Even if your dog normally does not contract fleas at home, in an environment where groups of dogs are together, the risk is much greater. This is the best way we have found to protect our dogs. If your dog is found to have fleas they will be treated and/or bathed at your expense.

NEAREST VETERINARIAN

Central Valley Veterinary Hospital is located about 2 miles away at 1515 W. Yosemite Ave., in Manteca. Their phone number is 209-239-2547.

PERSONAL BELONGINGS

For your dog's protection, he/she must be wearing a collar with proper identification (in case of an emergency) and a non-retractable leash, to and from the parking lot and The Doghouse. You must have control of your dog, especially if another dog or person is in the lobby.

The Doghouse is not responsible for the loss or damage of any belongings left behind, such as bedding and toys.

EXERCISE

Expect your dog to be more tired than usual, when they come home. They get lots of exercise here, though we will monitor to make sure they don't overdo it.

Remember, when dropping off or picking up your dog from The Doghouse, as with all their activities, please ensure your dog rests an hour before AND after meals.
